

How do you stay in Compliance with your Food Protection Manager Certificate?

The original food safety certificate must be retained on file at the food facility at all times, and be made available for inspection by a representative of Environmental Health. The certificate expires five (5) years from the date of original issuance. Certified individuals must be recertified every five years by passing one of the approved and accredited food safety certification examinations. Replacement or duplicate certificates must have an expiration date the same as the original certificate.

The following food safety certification examinations are currently approved as meeting the requirements:

- The ServSafe Serving Safe Food Certification Examination  
National Restaurant Association  
175 West Jackson Blvd. Suite 1500  
Chicago, Illinois 60604-2702  
(800) 765-2122  
[www.nraef.org](http://www.nraef.org)
- Thomson Prometric  
1000 Lancaster St  
Baltimore, MD 21202  
(443) 923-8200  
[www.prometric.com](http://www.prometric.com)
- Professional Testing Inc.  
National Registry of Food Safety Professional  
5728 Major Blvd., Suite 750  
Orlando, FL 32819  
(407) 352-3830 or (800) 446-0257  
FAX (407) 352-3603

These examinations are very comprehensive and we highly recommend that you attend one of our certification-training courses prior to the examination. Safe Food Test offers a one-day training and exam session, which will prepare you for your Food Protection Manager Exam. Our training and exams meet regulatory requirements for all Food Protection Manager Certificates. If you have any questions regarding the requirements for your Food Protection Manager Certification, please contact
